Dear Judge & or Clerk of the Court,

The purpose of this correspondence is to plead with the court to not allow Keith Ranieri to stay and allowing him to remain on the streets. We have been dealing with him and his group for 15 years. In that time we have watched him separate good families and loved ones from one another. It is hard to explain the diabolical hold he has on people. We have no 1<sup>st</sup> hand knowledge concerning the recent charges against him. We are convinced once out of custody he will continue to destroy people's lives. In my personal opinion he is a "sociopath" at the very least.

Please don't allow him to do to other families what he has done to ours.

Yours truly,  
Daniel & Jackie del Negro
